I have the honor to report that Williams
who left my camp on the 19th inst. for Corinth in Decatur
Co. Tenn. was mustered out of service in December
last - the man it appears was about this time
and at the time of said Williams discharge was acting
as a Scout by a Commission of
Lexington Ky, was acquitted and through mis
take ordered to my Regt (See accompanying papers).
I have ordered him to the mustering Officer at Eaton
Ohio for discharge, and the Officer sent me
word he (Williams) was ordered by him to report to
the Asst Adjutant General at Louisville Ky - and
rides from me to that City. I would avail nothing,
if you could give him transportation to Louis
ville, you would oblige me - He should have
been ordered to Louisville by the Commissioner
requesting him, instead of to my Regt.

Adjutant General's Office,

Washington, March 12th, 1863.

Sir:

In reply to your letter requesting a Descriptive List of [illegible], a [illegible] in Company [illegible], [illegible] Regiment [illegible] Volunteers, I have the honor to furnish the following "Descriptive List" obtained from the records of this Office which, from the want of the necessary data, (which is in the possession of the Company Commander,) is only "partial."

NAME, RANK AND REGIMENT, DESCRIPTION, &c.

[illegible] a [illegible] in Company [illegible], [illegible] Regiment of [illegible] Volunteers, is 40 years of age; but no further "description" can be obtained from the files of this Office.

He was enrolled on the [illegible] day of [illegible], 1861, at the town of [illegible] in the State of [illegible], and mustered into the service of the United States on the 29th day of January, 1862, at the town of [illegible], in the State of [illegible], by Capt. [illegible], to serve for the period of 3 years, or "during the war."

ACCOUNT OF PAY

It is stated on the Muster Rolls of his Company for the months of [illegible] 1862, that he was last paid by Paymaster [illegible] to the 30th day of April, 1862.

ACCOUNT OF CLOTHING.

The files of this Office furnish no account of clothing; it must be obtained, if obtained at all, from his Company Commander.

REMARKS

U.S. Army Hospital at [illegible] Steamer Hygeia Chesapeake Bay Sept. 13th 1862. Scalded by explosion"

Very respectfully,
Your obedient servant,

Lorenzo Thomas

Assistant Adjutant General.

To [illegible]

This "Partial Descriptive List" is given to enable the soldier more readily to obtain pay and bounty, without waiting for a full descriptive list from his Company Commander, which should be procured by the soldier himself, if practicable, and presented with a statement of the services rendered by the soldier since the date of this Partial List. This statement should be certified by the Commanding officer of the Regiment, Battalion, Company or detachment to which the soldier belongs, and should show the time for which pay is due, and the amount of pay and bounty received by the soldier previous to the date of this Partial List. It will then be transmitted to the Paymaster, and all other papers required, by the soldier presenting himself for payment. If the soldier is entitled to bounty, and has been discharged, he must present the Certificate of Discharge, which will be required by the Paymaster, in addition to the papers above specified. If the soldier has died, the Certificate of Discharge will be required by the Paymaster, in addition to the papers above specified. If the soldier has died, the Certificate of Discharge will be replaced by the Certificate of the Surgeon who attended him during his last illness, stating the fact and cause of death, and the time when the deceased was last present for duty. The Certificate of Discharge, or Surgeon's Certificate, must be attested by the Commanding officer of the Regiment, Battalion, Company or detachment to which the soldier belonged at the time of his discharge or death. The Paymaster will require proof of the identity of the soldier, and of the fact that he has not received pay for the period for which pay is claimed. This proof must be furnished by the Commanding officer of the Regiment, Battalion, Company or detachment to which the soldier belonged at the time of his discharge or death, and should show the length of time the soldier served, and the pay and bounty due him at the time of his discharge, and which may not appear on his final statements from the fact that this list is incomplete or "partial."

REMARKS.

Gardner Grimes

Clerk.

(119)

Note 1.

The company commander will here add a statement of all the *facts* known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the *facts* are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

Note 2.

When a *probable* case for *pension*, *special care* must be taken to state the *degree* of disability—as ½, ¾, &c.—to describe particularly the disability, wound, or disease, the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will arrive, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by examination of the soldier, after a personal examination, and for reasons, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1500 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to state particular cases in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, scrofulous, tumors, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in *duplicate* by the soldier's company commander, or other officer commanding the detachment to which the soldier belongs, and sent by him to the adjutant-general of the State, where the soldier is sick. The surgeon will fill out and sign the surgeon's certificate, and forward the same to the regimental, detachment, or post commander, who will forward them with the application of the person, through the proper channel to the adjutant-general; or, if the troops are not part of a division, to the corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to whom they are required to be sent, will be returned through the same channel to the regimental post, or detachment to which the soldier belongs, by the proper authority, with the action of the same endorsed on the papers, so that the soldier is informed whether or not he is discharged. Duplicate and corrected blanks of these certificates will be furnished by the Adjutant-General of the United States Army on application to the War Department, but they will not under any circumstances be given to the soldier.

Duty	Transportation

NOTE 1.

The company commander will here add a statement of all the *facts* known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the *facts* are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a *probable* case for *pension*, *special care* must be taken to state the *degree* of disability—as ¼, ½, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any common disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in *duplicate* by the soldier's company commander, or other officer cognizant of the essential circumstances to which he is required to depose. The surgeon who had charge of the hospital where the soldier is sick, if there, will fill out and sign the certificate, and forward it, or post commander, who shall pass to the regimental, detachment, or post commander, who shall forward them, with his remarks endorsed thereon, through the proper channel to the Adjutant-General's Office. If the persons are not all present to a division, to [illegible] detachment or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

[illegible] certificates, after having received the action of the highest authority to whom they are required to be sent, will be returned through the same channel to the [illegible] by the company commander, who will, at the [illegible] and the said Surgeon [illegible] the present [illegible] [illegible] may use the certificate on [illegible] [illegible] [illegible] [illegible] United States Army, at [illegible] to the Adjutant-General's Office, Washington, D. C. [illegible] and to [illegible] any communications be given into the hands of the soldier.
